Twenty-three songs for Lent and Easter

By John Bell and Graham Maule

Tracing the sometimes sure, sometimes faltering steps of Jesus and his followers through the entire season of Lent, to Easter Day and then beyond, these songs allow us to reflect on their progress, enter their experience and ultimately to make their confusion, doubt, joy and liberation our own. ## The Singing Thing

A case for congregational song

By John Bell

Unapologetically anecdotal, it deals not with musical theories but with the reasons why people sing and how best to enable them to do so. It offers ten persuasive answers to the question "Why do we sing?" Each is explored with a wealth of illustration and practical insight.

Wild Goose Publications, 158 pages  
Product code WIL728

## The Singing Thing Too

Enabling congregations to sing

By John Bell

How do you encourage a congregation to learn a new song? How can you breathe new life into quality hymnody which has gone stale? With both tact and irreverence, John Bell shares insights culled from over 20 years in which he and his colleagues in the Wild Goose Resource and Worship Groups have taught new songs in venues as diverse as old people's homes, with half a dozen hearing-aid users, to Greenbelt Festival with over 10,000 gathered for worship.
